

TASK FORCE-2
University of Hyderabad

COVID 19 ADVISORY

University Task Force is deeply concerned about a couple of **super spreader events** that has led to increased case positivity rate of Covid-19 in closed campuses in nearby institutions and in our neighbouring state/s. There are unconfirmed reports that a campus within the vicinity of Hyderabad Metropolitan Urban Development Authority – outskirts of our twin cities has also been affected with a super spreader event.

It is alarming that many stakeholders seem to have discontinued Covid-appropriate behaviour on the campus. Also alarming is that the campus seems to have returned to working as if during pre-Covid 19 times.

All the stakeholders are advised to:

- **CONTINUE TO FOLLOW COVID APPROPRIATE BEHAVIOUR (SAFE DISTANCE, MASKING/FACE COVERING & SANITISATION) AT ALL TIMES AND IN ALL PLACES INCLUDING HOSTELS & MESS FACILITIES. THE SAME APPLIES TO ALL PLACES ACCESSED BY OTHER STAKEHOLDERS**
- **ALL UNITS (BOTH ACADEMIC & NON-ACADEMIC) ARE ADVISED TO CONTINUE SUPPLY OF SANITISERS**
- **AVOID ORGANIZING EVENTS/ LARGE GATHERINGS AND EXERCISE CAUTION AT THE PERSONAL LEVEL IN PARTICIPATING IN SUCH GATHERINGS**
- **BE EXTRA VIGILANT AND IMMEDIATELY REPORT TO THE HEALTH CENTRE, OF ANYBODY WHO HAS ANY HEALTH-RELATED SETBACKS AND TAKE IMMEDIATE RECOURSE TO AVAILABLE HELP**
- **SHOW SOLIDARITY TO FELLOW INDIVIDUALS AND HELP IN MAINTAINING A HEALTHY CAMPUS AT ALL TIMES**
- **COMPLETE YOUR FULL VACCINATION AGAINST COVID-19 AND CONSULT THE HEALTH CENTRE FOR ADVICE IF YOU FEEL THE NEED TO GET TESTED FOR COVID-19 FOR ANY SYMPTOMS AND SIGNS THAT WORRIES YOU.**

Please note that the campus may be restrained by the State and Central government authorities if we let our guard down. The university cannot afford a super spreader event that will again affect our Academic and Research activities.
