APPEAL TO THE STUDENTS

It has been observed from the past few days that the cases related to COVID-19 are increasing in quite number in our University Campus and Hostel boarders are mostly effected with the said virus.

I take this opportunity to appeal to all the Students of our University, particularly Hostel boarders to please make a note the above and it is advised to consult our Health Centre for taking proper treatment, in case if any person(s) is/are suffering with Dry cough with sneezing, body pains, high fever, difficulty in breathing and weakness etc., which are proven to be symptoms of Corona Virus. It may also please be noted that such student having the above problems may also spreading the said virus to the fellow hostel boarders and if he/she is moving / roaming outside, he/she may be spreading the virus further.

Hence, I once again sincerely appeal to the Students to be very cautious and such Student(s) should voluntarily report themselves to our University Health Centre for medical check-up and for proper treatment. The University authorities have made all the arrangements in all respects to take care about such cases Let us all collectively make our University Campus as Corona Virus free Campus.
