

“Very happy to inform you that Continental Hospital leadership has kindly agreed to provide a specific date / times slot for Residents of HCU residential township to get vaccinated at Continental Hospital without scheduling any appointments on the website. While we are able to register at website selfregistration.cowin.gov.in

It has been a challenge to get appointments and this gesture from Continental will help solve this problem for all of us. Vaccine will be provided for all people 60 years age and above and also for people in the age group 45 to 60 in Annexure 1b. We will provide further updates shortly”.

Best regards
