Appreciation Note on SUKOON

Thanks to all the students, student organisations, and the Student Union for successfully completing the long-awaited student fest – SUKOON. While appreciating all of you, I want to emphasise the efforts of the Student Union for their rigorous planning and implementation of the planned events for the SUKOON from 27-29 September 2024. I appreciate every student and student organisation/s cooperating with the Student Union in every aspect of the SUKOON events.

I want to express my appreciation for the Security team and their dedicated efforts in monitoring our campus over the past three days. Several important initiatives have been implemented for the first time in SUKOON's history, including installing high-resolution CCTV cameras, placing stable barricades around the stage, and issuing guest/visitor passes. These measures were implemented to ensure the safety of our campus community and to maximise the benefits for all attendees. I am thankful to the *SUKOON Committee* and the *SUKOON Committee Supporting Team* for their continuous presence and support until midnight, ensuring the safety and well-being of our student community.

I look forward to the same spirit from the students and the students' organisations in our further endeavours to keep our University high. Thanks so much, everyone, once again!

Dean, Students' Welfare 30/9/24
