Appeal to the student community

I have received a complaint about the student organisation's posters being placed in the public urinals in Hostel-H. Dr. B. R. Ambedkar and Swami Vivekananda are national leaders who are respected for their ethos and sacrifices for human causes. Let's carry forward the spirit and ethos we learned from these proud leaders. Disrespecting others is an unhealthy trend in the university system. The university represents social and cultural diversity, and every student organisation and individual student must respect each other.

We vehemently and unequivocally condemn the actions of any perpetrator involved in this unethical act. The highest body will conduct a thorough investigation, and we are treating this matter seriously. The university will not tolerate any individual involved in this unjustified behaviour.

Please be mindful of the potential social and cultural impact of disrespectful behaviour towards the organisation's banners and posters. I urge all student organisations and the student community to avoid disrespecting each other's organisations.

It's crucial to understand that such disrespectful acts will not be tolerated. Severe measures, including suspension or expulsion, will be taken against those students who engage in such behaviour. We urge you to consider the serious consequences of your actions before disrespecting any individual or organisation.

If you witness or experience disrespectful behaviour, please immediately report it to the Dean's office. Your voice matters, and your actions can help maintain peace and tranquillity on campus. I seek your continuous cooperation in this matter.
